FOR IMMEDIATE RELEASE

KAREN KALISHEK EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 3/31/2021 The National Association of Flight Instructors is proud to announce that NAFI member Karen Kalishek has earned accreditation as a NAFI Master Flight Instructor. This is Kalishek's 3rd NAFI Master Accreditation.

Kalishek was an aviation late bloomer. As happens to many pilots, after lessons at a younger age, life got in the way. She became a certified public accountant, licensed real estate broker, bank executive, taught finance courses in graduate school, and for 20 years ran her own firm providing international consulting services in 37 countries in North America, Europe, Asia, Africa, the Caribbean, and the Middle East. Then the aviation bug bit once again and did not let go.

Kalishek is now a Designated Pilot Examiner and independent Master and Gold Seal Flight Instructor with ATP, CFI, CFII, CFIME, CFI-Glider, AGI and IGI certificates. She has a special fondness for antique and experimental aircraft and flies her own Van's RV-6. Kalishek is a Major in the Civil Air Patrol, serving as a CAP volunteer flight instructor, G1000 instructor, check pilot, examiner, safety officer, aerospace education officer, public affairs officer, special flight release officer, mission pilot and cadet orientation pilot.

Kalishek serves on the NAFI Board of Directors and six NAFI board committees. She is also a member of the Wings Industry Advisory Committee and FAA Surface Safety Group. In 2014, she founded the Green

Bay IMC Club, and serves as its leader and club coordinator. For the past six years, she has served on the EAA Pilot Proficiency Center (PPC) organizing committee and as volunteer PPC CFI Manager during AirVenture. Since 2006, she has served as treasurer of EAA Chapter 651, and is an EAA Flight Advisor for the chapter. Kalishek is a member of Women in Aviation, The Ninety Nines and Women Soaring Pilots Association.

Kalishek has served as FAASTeam Lead Representative for the Milwaukee FSDO since 2015, as a FAASTeam Representative since 2013 and was named the 2019 National FAA Safety Team Representative of the Year.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training. For more information about NAFI or the NAFI Master Instructor program call **866-806-6156** or visit www.NAFINet.org.*
