FOR IMMEDIATE RELEASE

## **GABRIEL JOHNSON EARNS NAFI MASTER INSTRUCTOR ACCREDITATION**

**KALAMAZOO, MI — 2/28/2019**

The National Association of Flight Instructors is proud to announce that NAFI member Gabriel Johnson has earned accreditation as a NAFI Master Flight Instructor.

Johnson hails from a small town called Ejigbo in Lagos, Nigeria. Prior to flying, he attended the University of Lagos, where he graduated with a bachelor's degree in computer

engineering. After graduation, Johnson became a web designer, but had always dreamt of becoming a professional pilot. He moved to the United States to commence flight training in a Cessna 172 in 2011. Johnson has since earned a bachelor's degree in aviation maintenance science at the Embry-Riddle Aeronautical University, Daytona Beach, Florida. He has also earned his CFI, CFII, MEI, AGI, IGI, ATP and mechanic licenses. Johnson has worked in the flight training industry for over 5 years and is currently a flight instructor at ERAU, Daytona Beach.

Johnson has a passion for both flight and aviation safety. He is currently a team safety leader at the ERAU flight department. From investigating ASAP reports to delivering safety related presentations, he strives to promote aviation safety at every opportunity. Johnson also works with the OBAP ACE academy to promote aviation to high school students who dream of becoming pilots.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an*

*ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training. For more information about NAFI or the NAFI Master Instructor program call **866-806-6156** or visit [www.NAFINet.org](http://www.NAFINet.org).*
