FOR IMMEDIATE RELEASE

GARY REEVES EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 2/28/2019

The National Association of Flight Instructors is proud to announce that NAFI member Gary Reeves has earned accreditation as a NAFI Master Flight Instructor.

Reeves has over 7,500 hours in over 50 different aircraft including turbo-prop, and turbo-fan most of which is instruction given. In the last two years, he's taught in over 30 states and is a popular public speaker on aviation safety. Reeves says his goal is to reduce General Aviation accidents through free FAA Safety Classes, video training, and articles. He is chief safety officer and owner of PilotSafety.org and chief flight instructor and owner of Master

Flight Training. He was awarded 2016 FAA Instructor of the year for the Western Pacific Region, as well as 2014 Flight Instructor and FAA Safety Team Member of the Year Long Beach District. To learn more about Gary please visit www.PilotSafety.org

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor*

accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training.
